

# HEALTHY FACILITIES AWARD ENTRY FORM

Research shows that indoor environments can have a major effect on human health; affecting absenteeism, teacher retention rates, and the learning and performance of students. The Healthy Facilities Award will recognize institutions that have taken the steps to move their educational facilities toward a higher level of health and well-being – benefiting students, staff and the teaching/learning process.

While few institutions have an all-encompassing healthy facilities program, many have implemented programs, policies and procedures that speak to one or more areas covered in the ***Healthy and Safe Facility Handbook***.

Eligibility: All educational institutions – public, private, charter – from preschool thru the college/university level. There is NO fee for entry.
